EXPERIENCE

Teaching Assistant at Ecole Elementaire Bruxelles Paris, France

2016-01-01 to 2016-07-04 I taught video game development and basic programming to three classes of nine and ten year old children. This included basic concepts such as loops, conditionals, two dimensional planes, and threading. In addition, I taught video-game storyline, art, and music design.

Scratch, Fundementals

2015-05-01 to 2016-09-27 Freelance at Web and Android Developer

I created a variety of applications and websites. Namely, I published an Android app for the non-profit organization Knowledge Ecology International. In addition, I created and set up hosting for portfolio websites. I also created and maintained popular Open Source Applications such as Democracy Droid! and The Treasure Map.

Android, Bootstrap, Sysadmin, Twitter-API

2015-01-01 to 2015-06-21 Researcher at McGill Digital Humanities Project Montreal, Canada

I was part of a research team who was given access to a newly cleaned corpus of texts from early modern England. The corpus comprises of over 40,000 texts. As a researcher, I crafted a research question and then I used various text-manipulation tools in order to test my hypothesis against the corpus of data.

Voyant-Tools, NLTK, TextBlob, Regex, BeautifulSoup4, Text Analysis
